PROTECTION ARRIERE - CARROSSERIE Dessin technique (dimensions d'encombrement)		REAR PROTECTION - BODYWORK Technical drawing (main external dimensions)	
Poids en g (carrosserie seule)	Weight in g (bodywork only)	<u>2110</u> g	+/-10 %
 The technical drawing shows two views of the rear protection bodywork. The top view is a plan view showing a long, narrow component with four oval-shaped cutouts. Dimensions are indicated: a total length of 1365 and a maximum height of 180. The side view shows the component's profile, which is curved upwards at both ends. A dimension of 174 is indicated for the height at the ends.			
PHOTO (carrosserie seule) / (bodywork only)			
 A photograph of the rear protection bodywork, showing a dark, textured plastic component with four oval-shaped cutouts, matching the technical drawing above.
